MEMORANDUM

TO: Lynn Kunzler, Utah DOGM

FROM: John Kennington, Utah Division of Water Quality

DATE: April 1, 1999

SUBJECT: Division of Water Quality Comments, Notice of Intent to Commence Small Mining Operations:

Marriot Project, S/057/005, Weber County, Utah
MBA Project, S/003/051, Box Elder County, Utah

We are submitting the following comments regarding the subject NOI for mining operations. The operator should be required to make sure that:

1. All sanitary wastewater generated at the operations will be handled, treated and disposed of in an acceptable manner according to Utah state rules, and under the direction of the local health department.
2. There will be no discharge of produced mine water or any other processing related wastewaters to waters of the State. Any subsurface discharges will be implemented in an acceptable manner in accordance to Utah state rules.
3. There will be no discharge of stormwater from the site which may be mixed with any processing related substances, ore, processing waste materials, product material or any other operations related materials such as oils, solvents and greases.
4. The operator will prevent any movement or discharge of any materials, earth, sediments, top soil, waste rock etc. into the adjacent watercourses noted on the site plan.

For the subject notices, we find that no significant impact is anticipated, with regard to Division of Water Quality matters. If you have any questions or would like to discuss these matters further, please contact me (801) 538-6146 at your convenience.
